

UNITED STATES OF AMERICA  
POSTAL REGULATORY COMMISSION  
WASHINGTON, DC 20268-0001

Annual Compliance Report, 2022

Docket No. ACR2022

CHAIRMAN'S INFORMATION REQUEST NO. 16  
AND NOTICE OF FILING UNDER SEAL

(Issued March 2, 2023)

To clarify the basis of the Postal Service's FY 2022 *Annual Compliance Report* (ACR), filed December 29, 2022,<sup>1</sup> the Postal Service is requested to provide written responses to the following questions. Answers should be provided to the individual questions as soon as they are developed, but no later than March 9, 2023.

**For the following questions, if the Postal Service chooses to respond using a graphical or tabular representation of data, please file the underlying data in the form of an Excel spreadsheet. Such spreadsheets shall preserve all data links and show all formulas used, including volumes and other weighting factors.**

**Service Performance**

1. Please refer to the Postal Service's response to Chairman's Information Request No. 3, question 11.<sup>2</sup> Please also refer to the Postal Service's response to Chairman's Information Request No. 1, question 2 in Docket No. PI2016-1.<sup>3</sup>

---

<sup>1</sup> United States Postal Service FY 2022 *Annual Compliance Report*, December 29, 2022 (FY 2022 ACR).

<sup>2</sup> Responses of the United States Postal Service to Questions 1-13 of Chairman's Information Request No. 3, January 17, 2023, question 11 (Response to CHIR No. 3).

<sup>3</sup> Docket No. PI2016-1, Responses of the United States Postal Service to Questions 1 Through 5 of Chairman's Information Request No. 1, May 3, 2016, question 2.b.

- a. Please confirm that the reason that the Postal Service is unable to report the percentage of mail in measurement, and the percentage of mail not in measurement, for In-County Periodicals and Outside County Periodicals separately is solely because a portion of Periodicals mailpieces that are not in measurement are not differentiated between the two Periodicals products. If not confirmed, please explain.
- b. Please provide the percentage of mail in measurement, and the percentage of mail not in measurement, for the Periodicals class as a whole in FY 2022.
- c. Please estimate the percentage of mail in measurement, and the percentage of mail not in measurement, for In-County Periodicals in FY 2022 by assigning undifferentiated Periodicals mail not in measurement to In-County Periodicals and Outside County Periodicals in the same proportions as their respective volumes.
- d. Please estimate the percentage of mail in measurement, and the percentage of mail not in measurement for Outside County Periodicals in FY 2022 by assigning undifferentiated Periodicals mail not in measurement to In-County Periodicals and Outside County Periodicals in the same proportions as their respective volumes.

### **Periodic Reporting**

- 2. Please see Attachment, filed under seal.

By the Chairman.

Michael Kubayanda
